EQUALITY? SEEK IT. DISCRIMINATION? END IT.

For each election, hundreds of our members decide which candidates are most prepared and best able to serve the GLBT community.

Each of these candidates endorsed by the Caucus has been through a rigorous screening process evaluating their positions on GLBT issues and qualifications to hold public office.

Candidates completed an extensive questionnaire on the office they are seeking, participated in a face-to-face interview with the Screening Committee and have received the support of our general membership.

The Caucus is a nonpartisan organization.
